

Every few months we equip teams with an *Onward Huddle* to help us talk together about what’s important here at Karis Disability Services! This month we are pleased to share an Onward Huddle on how we are equipping communities through Family Camp. Did you know that Karis Family Camps take us back to the inception of our organization as a Christian camping ministry? The heart of service that launched our work carries on to this day in the family camps that are offered not only at our first location at Elim Lodge near Peterborough, Ontario, but in several other locations throughout Ontario – and hopefully soon in Saskatchewan!

Please take some time to read over this month’s Onward Huddle ([link](#)) and talk about it with your team.

Making the Connection

- What do you know about Family Camp – share your experiences with your team!
- Take some time to work through the Huddle with others. Be sure to visit christianhorizons.org/familycamps/ to learn more or share it forward if you know people who would benefit from this camp experience or want to volunteer as part of this camping ministry.
